

SEVERE LOSSES IN RAILROADS

Announcement of \$35,000,000 Note Issued by the Chesapeake & Ohio Causes Stock Loss of Six Points.

NEW YORK, March 5.—Closing quotations showed general losses which were largest among railroad stocks. The market made a small advance in early trading, under the stimulus of active speculative buying. Steel stocks, strong points yesterday, again were favorites.

A severe break in Chesapeake and Ohio effectively checked the movement. The announcement, after the close yesterday, of a \$35,000,000 issue of five per cent notes caused the stock to sell off two points at the opening today. Later it became known that the terms of the issue provided that \$17,000,000 be set aside out of earnings during the next five years for improvements and betterments, these expenditures to be made before dividends were paid.

payment of dividends of only \$125,000. As the Chesapeake and Ohio's surplus, for the last fiscal year, after the it was thought this new obligation impaired the prospect of the continued dividend payments and the stock sold off abruptly. It fell to 55 1/8, a loss of nearly six points and closed with only a fractional recovery.

Bonds were irregular. Some issues yielded sharply. The total sales, par value, were \$2,685,000. U. S. coupon 4's advanced 1/2 on call.

PAINE WEBBER MARKET

(Received by L. J. Overlock)

BOSTON, March 5.—Weakness in Chesapeake & Ohio on announcement of \$35,000,000 note issue was followed by a bear raid but its effect on prices was unimportant, showing the technical position of the market and its ability to resist attacks on seemingly adverse news. In the local market Arcadian and New Baltic were well bought on reported favorable property developments. Copper metal prices were a shade easier but no attempt to sell any quantity is being made by any of the large selling agencies, on the decline. Total sales New York, \$25,000. Money 1 3/4 to 2 per cent. Metal 41 3/4.

MOTHER! THE CHILD IS COSTIVE, BILIOUS

Don't Hesitate! A Laxative is Necessary if Tongue is Coated, Breath Bad or Stomach Sour.

Give "California Syrup of Figs" at once—a teaspoonful today often saves a sick child tomorrow. If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that it's little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold give a teaspoonful of "California Syrup of Figs." and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping and you have a well, playful child again.

Mothers can rest easy after giving this harmless "Fruit Laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at Once When Backache or Bladder Bothers—Meat Forms Uric Acid

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and then your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.—Adv.

BE PRETTY! TURN GRAY HAIR DARK

Look Young! Nobody Can Tell if You Use Grandmother's Simple Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy" you will get a large bottle of this famous old recipe for about 50 cents. Don't stay gray! Try it! No one can possibly tell that you darkened your hair as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy.—Adv.

This is Cartoonist Dutton, Who is Sketching Local Live Wires for His Magazine—As the Camera Sees Him and As He Sees Himself.

—Boosting via the cartoon route is the special province of A. H. Dutton, former artist in the Hearst service, who is now identified with the Out West magazine, a well known western publication issued at Los Angeles.

Mr. Dutton reached Bisbee yesterday and is stopping at the Copper Queen. He called on the Warren County Commercial Club and received the hearty written endorsement of that enterprising body, and tomorrow will begin making appointments with the live wires of Bisbee, those men who are identified with the early and present history of the district, and later tell how they are working for the best interests of their home city.

There is no charge for the sketches, which are of the semi-humorous variety, although true to life. Mr. Dutton has been making a tour of the principal cities of the west and will be in the city for several weeks. Regarding his line of work Mr. Dutton said recently:

"We stand behind a novel idea of awakening interest in the community with the stranger, by giving him something of a personal perspective which will greatly assist the work of dry statistics and good illustrations in reducing a locality to the outside world."

"I will cartoon the principal business and professional men, those who are engaged in conscientious and earnest boosting, and will gather data regarding the scenery, resources, products of the locality, etc., for 'Out West,' which is devoted to impartially boosting every section of the south-west."

"I will only undertake the cartooning of local people and the acquisition of some unique views of industries and scenes peculiar to this locality. A fair presentation of the claims of this section, commercially and scenically, is assured for the April number from the fact that the article regarding it will be written by Mr. Joseph H. Gray, secretary of the Warren County Commercial Club."

"No charge is being made for the publicity or write-ups; the magazine relying entirely for its compensation upon the extra copies of this issue sold."

The more of this Bisbee number that will be circulated broadcast, the better for Bisbee and her interests.

The enterprise has been written, endorsement of the board of trade and should merit the support of our public spirited boosters.

Hutton, while here will appear at the Orpheum theater.
